

Elite Series™  
by Westone

# Power x 3

ES3X™

The Elite Series™ by Westone has become the top choice of professional musicians for the best live performances. Our premium in-ear musicians' monitors combine the latest technological advancements with five decades of experience in crafting custom fit products for the human ear. The result is a monitor of unequalled sound quality, response and reliability with the fit and comfort that only custom-molded earpieces can provide.

## ES3X™ | 3-Way Power Driver IEM

The ES3X is the latest addition to the famous Elite Series, designed to offer performing musicians a well-balanced monitor no matter what instrument they play. Utilizing the latest in balanced armature technology, with a true three-way design (separate low, midrange and high), the ES3X delivers incredibly smooth response without accentuating any particular band of frequencies. The premier true three-way custom in-ear musicians' monitor for any performing musician. With 25 dB of ambient noise reduction and the long-wearing comfort only a custom earpiece can provide, the ES3X is the choice for the most discriminating musician. The ES3X is also an excellent option for any personal listener looking to upgrade their iPod® or media player with a high-end, well-balanced custom earphone. Ear impressions are required to order all Elite Series products.

### ES3X Specifications

**Sensitivity:** 124 dB SPL. **Frequency response:** 20 Hz - 18 kHz. **Impedance:** 56 ohm.
