

Immerse yourself in the sound

VARIPHONE

You'll enjoy your personal electronic devices more – your iPod or other MP3 player, CD player, hand-held games, or your laptop computer – with custom personal listening earphones and universal-fit earpieces from Westone. Experience comfort and sound quality that gives your personal listening a whole new dimension.

Westone 1 • True-Fit Single Driver Earphone

The Westone 1 true-fit earphone was designed specifically for personal listening, with a single balanced armature driver to add more realism and punch to your listening experiences. The 1's ergonomic fit provides unmatched comfort, outstanding sound isolation and accurate reproduction that will satisfy the most demanding music lover or audiophile. Available in black.

Westone 2 • True-Fit Dual Driver Earphone

Hear your music, movies and games with improved fidelity, dynamic range and detail. The Westone 2 true-fit earphone was designed specifically for personal listening, with dual balanced armature drivers to add more realism and punch to your listening experiences. The 2's ergonomic fit provides unmatched comfort, outstanding sound isolation and accurate reproduction that will satisfy the most demanding music lover or audiophile. Available in black.

Westone 3 • True-Fit Three-Way Earphone

Its balanced armature drivers and three-way crossover network add incredible realism and punch to your listening experiences. The 3's ergonomic fit provides unmatched comfort, outstanding sound isolation, and accurate reproduction that will satisfy the most demanding listener. This unparalleled comfort and high fidelity make the 3 perfect for anyone seeking great sound and long-wearing comfort. The Westone 3 is compatible with virtually any personal listening device and provides up to 25 dB of noise reduction. Available in black.
