

# UM PRO 50

UNIVERSAL-FIT

- Recommended for all singers and musicians
- Five balanced armature drivers (per unit)
- Isolates specific instruments or vocals

## Overview

*Individually hand-crafted for musicians by musicians the Signature Series is the premier product for music playback and monitoring. Designed with five balanced armature drivers and a three-way crossover, the UM Pro 50 is the pinnacle of design, comfort, and fidelity. The EPIC replaceable cable with Up and Over™ cable routing helps prevent microphonics and keeps your earphones securely in place. The newly designed UM Pro 30 provides increased ergonomics, enhanced durability, and Westone's proprietary MMCX Audio™ connection to ensure a perfect connection every time.*

**IDEAL FOR:** On-Stage Monitoring, Home/Studio Recording

## Tech Specs

<b>Impedance</b>	45 ohms @ 1 kHz
<b>Passive Noise Attenuation</b>	25dB
<b>Driver</b>	Five balanced armature drivers with three-way crossover
<b>Cable</b>	EPIC Replaceable
<b>Cable Length</b>	52" / 128 cm

### Westone True-Fit Technology

58+ years experience with in-ear applications has yielded a low-profile, lightweight, universal earpiece which delivers maximum comfort and in-ear coupling for dynamic transfer of sound.

### Balanced Armature

Westone's balanced armature drivers are significantly more compact and efficient than traditional dynamic drivers. By combining multiple balanced armature drivers with sophisticated crossover networks, Westone monitors provide enhanced sonic detail and frequency range that extends well beyond typical in-ear solutions.

### MMCX Audio™ Replaceable Cable

High-strength, ultra-low resistance tensile wire design with aramid fiber, with the most advanced MMCX connector available in the industry.

### Precise Acoustic Symmetry

Left and right earpiece responses are matched to an extraordinarily tight +/- 2dB tolerance extends well beyond typical in-ear solutions.
